The Compendium is divided into two main sections:

1. **Business Valuation:** This section covers the general principles of business valuation, as well as specific issues related to valuing healthcare businesses. Topics covered include:
 - The different methods of business valuation
 - The factors that affect the value of a healthcare business
 - The legal and regulatory requirements for business valuations
- **Healthcare Law:** This section covers the legal and regulatory issues that impact healthcare businesses. Topics covered include:
 - The different types of healthcare businesses

- The legal and regulatory requirements for healthcare businesses
- The liability risks faced by healthcare businesses

The Compendium is a valuable resource for anyone who needs to value a healthcare business or understand the legal and regulatory landscape surrounding healthcare businesses. It is written in a clear and concise style, and it includes numerous examples and case studies to illustrate the concepts discussed.
