To begin the mission, head to the Bayport Science Fair and speak to the fair organizer. She will tell you about the recent incidents, which include balloons exploding, deflating, and disappearing. She will ask you to investigate the matter and find out who is responsible.

Your first step is to investigate the scene of the most recent incident. Head to the far end of the fairgrounds and you will see a large group of people gathered around a deflated balloon. Talk to the people there and they will tell you that they saw a group of teenagers running away from the scene.

Next, head to the teenagers' hangout spot in the park. Talk to the teenagers there and they will tell you that they saw a group of older kids messing with the balloons. They will also tell you that the older kids are part of a gang called the Balloon Blowers.

Now, head to the Balloon Blowers' hideout in the abandoned warehouse. Talk to the gang leader and he will tell you that they are responsible for the balloon incidents. He will also tell you that they are planning to blow up a giant balloon at the fair on the last day of the event.

Your goal is to stop the Balloon Blowers and prevent them from blowing up the giant balloon. To do this, you will need to gather evidence against them and then present it to the police. You can gather evidence by talking to witnesses, searching the warehouse, and solving puzzles.

Once you have gathered enough evidence, head to the police station and talk to the police chief. Show him the evidence and he will arrest the Balloon Blowers. With the Balloon Blowers in custody, the fair will be safe and the giant balloon will not be blown up.
