They are the ones who teach that America is a racist country, that capitalism is evil, and that socialism is the only way to achieve social justice.

They are the ones who indoctrinate their students into believing that the United States is a force for evil in the world, and that the only way to make the world a better place is to overthrow the American government.

These professors are a threat to our national security, our economy, and our social fabric.

They must be stopped.
