

# Unlocking the Future of Advanced Computing: Exploring the International Workshops of ES OCC 2024 in Heraklion, Crete, Greece

The International Workshops of ES OCC 2024 are a premier platform for researchers, industry leaders, and practitioners to gather and exchange ideas on the latest advancements in advanced computing. Scheduled to take place from September 28-30, 2024, in the picturesque city of Heraklion, Crete, Greece, these workshops will provide attendees with an immersive and collaborative environment to delve into cutting-edge research and explore innovative applications.

The workshops will feature an esteemed lineup of keynote speakers from renowned institutions worldwide, including:

- **Dr. Maria Florina Balcan:** Professor of Computer Science at Carnegie Mellon University, known for her groundbreaking work in machine learning and optimization.
- **Dr. Thomas Sterling:** Professor of Computer Science at Indiana University, a pioneer in high-performance computing and parallel processing.
- **Dr. Anastasia Ailamaki:** Professor of Computer Science at the Technical University of Munich, leading research in database systems and data management.

In addition to the keynote addresses, the workshops will offer a series of specialized sessions covering various aspects of advanced computing,

such as:

**Advances in Service-Oriented and Cloud Computing: International Workshops of ESOC 2024, Heraklion, Crete, Greece, September 28–30, 2024, Revised Selected ... Computer and Information Science Book 1360)** by Winfried Lamersdorf

- Machine Learning and Artificial Intelligence
- Cloud Computing and Big Data Analytics
- High-Performance Computing and Supercomputing
- Cybersecurity and Privacy
- Blockchain and Distributed Ledger Technologies

The International Workshops of ESOC 2024 welcome submissions of original research papers and proposals for tutorials, workshops, and other interactive sessions. Submissions are invited from researchers, academics, and industry professionals working in the broad field of advanced computing.

The submission deadline is April 15, 2024, and accepted papers will be published in the IEEE Xplore Digital Library.

The workshops will be held at the stunning Grande Bretagne Hotel in Heraklion, Crete. The hotel offers luxurious accommodations, state-of-the-art conference facilities, and panoramic views of the Mediterranean Sea.

Attendees are encouraged to book their accommodations early as demand is expected to be high. Special rates are available for conference attendees.

Heraklion is a vibrant city with a rich cultural heritage. During their stay, attendees will have the opportunity to explore historical sites, visit museums, and indulge in the renowned Cretan cuisine.

The city serves as a gateway to other attractions on the island, including the ancient Minoan palace of Knossos, the picturesque Samaria Gorge, and the stunning beaches of Elafonisi.

The International Workshops of ESOC 2024 in Heraklion, Crete, Greece, promise to be a transformative event in the field of advanced computing. Attendees will have the opportunity to engage with global experts, learn about cutting-edge research, and network with fellow professionals.

Whether you are a researcher seeking to present your latest findings, an industry leader exploring new technologies, or a practitioner looking to expand your knowledge, these workshops offer an unparalleled platform for professional growth and innovation.

Mark your calendars for September 28-30, 2024, and join us in the vibrant city of Heraklion for an unforgettable experience at the International Workshops of ES OCC 2024.
